### Description

#### **For Sale: Smith Corona Mark XV Spell-Right Dictionary Large Desktop Typewriter**

This typewriter is large and sturdy--almost as large as the IBM WheelWriters. It does have a feature for storing and recalling text, but because the manual is missing, and I haven't been able to get my hands on another one, I have only a limited understanding of how it works.

Aside from the memory, it also has a dictionary and beeps at every typo, along with the ability to erase characters or whole words.

Call me and set up an appointment to have a complete demo and a crash-course on how these manual typewriters work.

If you're in Cincinnati, I offer free delivery. If ordering it from outside Cincinnati, choose the option to add \$30 for shipping.
