

Smith Corona SD700 Electric #5PCF-1236600

Brand: Smith Corona
Product Code: 5PCF-1236600
Availability: 1
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Price: \$370.00

Ex Tax: \$370.00

Short Description

For Discounted Sale: Smith Corona Spell-Right Dictionary Memory Typewriter SD700
S# 5PCF-1236600

Description

~~\$390.00~~ **\$370.00 Scratch-N-Dent!!**

This heavy typewriter competes with the IBM WheelWriter, with the added benefit of a dictionary (it beeps when you misspell a word) and line-type (you can type out a line and see it in the screen before hitting the return button, which causes the printing to start).

While the typewriter is meant for desktops, it does include a cover with a handle... but the cover is cracked, making the handle unsafe for use--turning this into a scratch-n-dent typewriter and taking \$20 off the price! But all of the functions on this typewriter have been tested and work.

As far as I can tell, this typewriter was manufactured in 1988. But that date doesn't quite seem right to me because most of the ones with savable internal memory are from the 90's.

Call me and set up an appointment to have a complete demo and a crash-course on how these manual typewriters work.

If you're in Cincinnati, I offer free delivery. If ordering it from outside Cincinnati,

choose the option to add \$30 for shipping.
